

## Mikado Sticks

Event: Cub Camp  
Theme: Oriental  
Preparation Time: 15-20 minutes  
Running Time: 20-30 minutes  
Materials: Pack of wooden skewers  
3 coloured markers  
Scoring Key

Preparation: Each wooden skewer needs to have three coloured bands at the non-pointed end, which corresponds to a particular number of points. There are fewer of the higher scoring Mikado sticks, which can be more hidden, if desired. A Key is required to calculate points at the end.

The Mikado skewers are then placed around the playing area with the pointed ends in the ground. \* ENSURE THAT CUBS ARE WARNED ABOUT THE SKEWERS' SHARP POINTS AND ARE INSTRUCTED ON HOW TO CARRY THEM \*

Playing The Game: Each team needs to find as many Mikado sticks as possible to score points for their team. The different coloured bands can be mentioned, but no reference to actual points is made.
